In forwarding herewith a copy of letter dated 19th May 1924 from Mr.Kent, Coffee Planter, regarding the removal of his Dispensary at Hirebile to his Estate, for reasons given by him, I have the honour to state that what Mr. Kent says is true. The Dispensary was originally intended primarily for the benefit of his cooly population which numbers about 2000. Besides, by shifting the Dispensary to Hirebile Village viz: 4 miles from his Estate, his own coolies, who are living at a distance of 10-12 miles, are obliged to walk another 8 miles both ways to the Dispensary at present. This is certainly a great hardship to him seeing that he is maintaining a Dispensary at great cost. There will be no inconvenience to the ryots as they live within a radius of 4 to 5 miles from his original Dispensary building. His Estates are extensive and his coolies are housed over different parts of the Estates. The Hirebile Village itself contains a group of 5 or 6 houses including shops. The rest of the villages deriving benefit from this Dispensary are scattered all round his Estates. If the concession asked for by Mr.Kent is not granted, he will be compelled to run the Dispensary himself and the villages will be deprived of the Medical help they are receiving for a small sum of Rs.80/- paid by the Government as grant.

Considering

Considering all these points, the request of Mr.Kent may be favourably considered by Government.

I have the honour to be,

Sir,

Your most obedient servant

G.D. Mac Logan

SENIOR SURGEON.

Letter dated 19th May 1924 from Mr.E.C.Kent, Coffee Planter, Hirebile P.O.Kadur Dist: to the Senior Surgeon in Mysore, Bangalore.

-------oOo-------

Regarding my dispensary which is now in Hirebile Village and about which I personally saw you on the 14th instant.

In Government order dated 30-9-20, No.G.7139-41, the Government were kind enough to consider my request and sanction me a grant in aid of 80/- per month for the purpose of establishing and maintaining a dispensary in my Estate the primary object being for the use of my Estate Coolies numbering over some 2000 people and secondary for the benefit of the ryots surrounding the Estate.

Last year on the request of the Government I purchased a house for Rs.1200/- in the Hirebile Village and placed the Dispensary there.

I now find that by placing the Dispensary in the Hirebile Village, it is of no use to me and has simply become a Government Dispensary which I have to maintain at great cost on account of the distances my coolies have to travel. My people are unable to attend more than 50% of my labour being situated 10 to 15 miles from the Dispensary whereas being in Hirebile, a village containing only five houses, it is no nearer for the ryots than if the Dispensary was here as before in the Estate. I write to ask you to kindly consider my request and allow me to have my Dispensary back in the Estate which is Central to all.

Considering the amount the Dispensary costs me to maintain and knowing the primary object of the Dispensary was for the use of my coolies and as the removal of the Dispensary will in no way affect the ryots many of which are working my own lands I ask the Government to consider my request and pass orders without delay as the monsoon breaks within three weeks after which time nothing can be done here.

matter as soon as possible.

I am directed to state that Govt consider that the question of the location of the dispensary in a private house will create a new bad precedent and that the request of D. C. Kent Esq Chemist Hempstead cannot be complied with. It is to be stated that he has refused to let his house for the dispensary to Hercules and the dispensary was so removed and he cannot therefore now be heard in support of his application.

I am therefore to request that you will be so good as to furnish a suitable reply to the letter on the matter and forward a copy of the same to Govt for their information

Referring to your letter of the 19th May 1924, regarding the removal of the Dispensary back to Mallarasanagudda, I am directed by Government to inform you, that they consider that sanctioning the location of your Dispensary in a private estate will create a very bad precedent, and that your request cannot therefore be complied with. It is to be stated that you have agreed to the transfer of the Dispensary to Hirebile and the Dispensary was so transferred and you cannot therefore now go behind your agreement.

Your letter dated 1st instant to hand informing me that the Mysore Government will not sanction the removal of my Dispensary to my Estate. I am sorry regarding this as I shall now remove my Dispensary to my Estate and receive no help from the Government, also it leaves the people for some 25 miles without any medical aid.

I am closing my dispensary to the public on the 31st instant and I shall be glad if you will instruct the District Medical Officer to instruct the present Sub Assistant Surgeon to hand over to my private medical man or that date

Considering that I have some 2000 and odd people to look after. I cannot think the Government have considered my position by refusing my request.
